NAAC Self Study Report

The preparation of Self Study Report (SSR) has taken almost 4 month of relentless efforts to write, collection of data, edition, re-edition, renovation, compilation of data etc. It is said to be a true labour and dedication towards the quality enhancement for all of the faculties and employees who are serving the college. I appreciate the members of IQAC, faculties of B.Voc degree courses and the Computer Lab Assistant of B.Voc Degree courses for their full support and timely working for the purpose. Without their support the preparation of the report may not be completed.

I am thankful to Dr. O Lukhoi Singh, Associate professor, Department of Zoology for his dedication and effort for the preparation of the SSR.

I show gratitude to all the core Committee members and ministerial staff members for their incorporation during the work of SSR preparation.

Once again, I express thank to all the employees including Teaching and non-teaching faculty members for their incorporation during the formadale work.

Dr. S. Gopal Singh

Preface

Since long back being the Principal of Nambol L.Sanoi College, I have been thinking about the National Assessment and Accreditation Council(NAAC) because it was mandatory. Those educational institutions which are not assessment within April, 2016, the financial Assistant from the UGC will not be given.

The certain points on the strength, weakness, opportunities and challenges(SWOC) due to the Globalization of the human resources, every educational institutions are compelled to make quality of their products i.e. students for challenging the fast changing modern world. In view of the above facts, students are to be provided adequate infrastructures and required tools for the Higher Education in order to face the challenges. But, only students can not be provided all the required components because the teaching faculties who will guide and teach the students should be trained first in all round so that they may be able to transferred the quality to the stakeholders.

Therefore, UGC and Ministry of Human Resources funded to the institutions and the teaching faculties in order to obtain required infrastructure, equipments and the requisite qualification for the improvement of Higher Education in India. Some components may be mentioned e.g. Professional Advancement scheme, Research Works, Projects , Seminar/Conferences, Research Fellowships for varieties of degree abroad and inside India .

In view of the above facts, the assessment and accreditation of the college is a much.

Section A : Introduction

EXECUTIVE SUMMARY

The Nambol L. Sanoi College was established on 17th July 1966 at Nambol, Bishnupur District, Manipur with the dedication of the number of local educationalists, surrounding inhabitants and politicians with the theme that the young people means the students in particular society in general of the circle in graduate level must be provided the facility for earning of higher and modernized knowledge through education. The continuous and tireless labour and relentless affords of the founder body along with the surrounding inhabitants, the college was recognized by the state government and at the first instance, then, it was affiliated to the popular Guwahati University which was the premier University in the entire North Eastern India at that time.

Being the premier college facilitating co-education, the students from the surrounding constituencies namely Nambol, Naoria Pakhanglakpa, Konthoujam, Oinam and Wangoi were preferred to admit in this college in order to get the modern knowledge. The college was started with the Arts graduate level along with the intermediate standard.

The college has an area of 15 acres. It has a big scope for sports as it has play ground, swimming pool, Indoor stadium and a gym centre for fitness. Out of the available area, only one portion out of 12 portion has been under construction and building. Remaining is use for the sports and approach road.

The college being co-education facilities, there are two girls' hostel providing required facilities irrespective of caste and creed in living. Girl students from remote areas are given first preference for staying in the hostel.

It was converted in to fullflagiate Government College in 1979 under Manipur State Educational Policy 1979. Since that, all the financial assistant and development programmes of institution have been provided and governed by the direction of State Government.

In 1980, when the Manipur University came into existence as State

University, this college was recognized as an affiliated college under Manipur University Act, 1980. Since that it has been playing a vital role for imparting remarkable higher education in the Manipur State.

Now, the college has been permitted 15 subjects including newly introduced NSQF courses. Science Subjects (both Honours and general) include Physics, Chemistry, Botany, Zoology, Mathematics, B.Voc Degree courses in Sericulture and Software Development. Arts subjects(both Honours and general) include Geography, Education, English, Manipuri, Political Science, History, Economics and Philosophy. Therefore, the College is at present having 15 departments including both Science stream and Arts streams. The College is having shortage of Teaching Faculties as per guidelines of UGC subject to the minimum of 4 teacher of general courses and 6 teachers for with honours subjects. Other problems, the college is facing that the number of ministerial Staffs are less. Being fullflagiate Government Educational Institution, any appointment and engagement of staffs due to shortage are restricted by the state government. So, the college is now, facing problems for proper maintenance and management.

Many products of the college are holding many state and Central Government jobs. Mentioned may be made, Shri N. Loken Singh, former cabinet Minister of Manipur and present seating MLA of Nambol Assembly Constituency is product of this college.

The college has its website and internet-broadband facilities. Some class rooms have been provided the modern tools for teaching aids under ICT i.e., Smart Boards with projector, Computer facilities and internet facilities. The college is having one computer room and computer lab of software development and Sericulture lab of sericulture. Lab of language teaching i.e., spoken English lab has one server with 20 computer extension. There is provision to provide minimum requirements of modern ICT facilities to all the Departments of the College.

The power source of the college is from the Department of Electricity. But when the problem of power source is developed, the problem of power is

managed with two generators of capacity 20 KVA and 5 KVA. All the portion of buildings have been done proper electrification.

Water Supply for drinking and other uses is also maintained from the water supply department, Government of Manipur.

The College is having library building where around 10 thousand books are available. The library is automated and e-library facility is available now. Students and faculty members are using it regularly.

There are Examination Room, Staff Room and Multipurpose Hall cum seminar hall in the campus of the college. The college has a gate in the entrance of the Administrative block. One cycle shed, boys' common room, girls' common room, Students Alumni and parents alumni and Indoor stadium are availed.

The UGC recognized Nambol L.Sanoi College under section 2(f) and 12(B) of the UGC Act, 1956 on 2nd April 1988. After that the college has been availing the financial benefits and others as per UGC guidelines from time to time. The college is also following the instruction guides from the UGC. The college got the benefits of financial assistant for the infrastructure development under general, merge and additional grants along with the salary component grants respectively. In addition, Many Teaching faculty members have been benefitted under the provisions of UGC by taking financial assistance for the scheme of Minor and Major research projects. Further, financial assistant for new innovative programmes under skill demanded areas for National Standard Vocational Courses known as National Skill Qualification Framework (NSQF) i.e B.voc Degree courses in Sericulture and Software Development have been sanctioned and implemented in 2014. Further, the college has taken financial assistant for Career Oriented programmes like Spoken English and programmes like Industrial chemistry and Industrial fisheries were also funded. Still, many teaching faculties are applying Minor and Major project under UGC programmes from time to time. Therefore, the University Grants Commission is becoming a GODFATHER for the college in general and Students and teaching faculties in particular for providing a huge financial assistant of the Institution

in different angle.

Now, the College is having the potentiality to face the challenges of modern fast changing education system because it has covered a vast area; it has qualified teaching faculties; it has provisions for intake capacity of students; source of students from the nearby 5 higher secondary schools; the location is very suitable for education (apart one and half km from the high way road); it covers 5 big constituency segments; it is only Government college in the circle; financial assistant from UGC under the Plans are availed ; it has modern tools of ICT at present; innovative of new programmes under NSQF (B.Voc Degree Courses); development of sports infrastructure-national level

The weak points of the College are shortage of Teaching and non-teaching faculties; stepping with the instruction of State Government; Lack of Good Governances; Unaware of faculties belongings; Lack of Social contact and interaction and Less Social response.

The opportunities of the college are its area is 15 acres; source of students surplus; it covers 5 constituent segments; It avails all the possible financial assistant under any provision as its inclusion under 2(f) and 12(B) of UGC Act 1956; its status as full fledged Government College; Manipur University provides all the possible facilities for Affiliated colleges and it is the premier college in the circle.

The college is now challenging the new scenario of the education system in the World by innovative of new skilled demanded programmes like B.Voc Degree Courses in Software Development and Sericulture; Career Oriented Programmes like Spoken English (language lab) and Development of Computer Room and Lab, Industrial Chemistry & Fishery and development of Infrastructures of Sports like Indoor Stadium, Swimming pool and Gym centre etc. In addition, College has innovation of new B.Voc Degree courses in Software development and Sericulture under NSQF by 2014 at the first Phase of National level Educational programmes of Development of Higher Education, Ministry of Human Resource Development, Government of India, where Choice base credit system is preferred to introduce in the ordinance, course structure

and syllabus.

In view of the above facts, the college is developing towards the advancement of the Higher Education that young students have been provided and trained with the modern tools for research in particular and higher education in general. Institution with standard infrastructure of higher education and research means that the faculty and students of the institution are challenging the modern trend of education.

- The teachers go for refresher and orientation courses. Educational tours are also conducted.
- Over the past many years the faculty has been participating in the conferences and presenting papers in national and international level seminars.

2.3.7 Detail (process and the number of students benefitted) on the academic, personal and psycho-social support and guidance services (professional counseling/mentoring/academic advise)

provided to students?

- There is a provision for counselors/advisors for each class or group of students for academic and personal guidance.
- The students are divided into groups and each group is provided with counselor /advisor to provide academic and personal guidance to the needy students.
- It is done at all level of courses in all the divisions. The teacher in – charge carefully monitors the regularity of attendance, participation in seminars and other activities and also the performance of the students in internal tests/semester examinations.
- The students are advised to improve by way of help and remedial /corrective action.
- The students who seek psychological boosting or the candidates who are psycho-socially left out are given psychological counseling the college faculty itself.

2.3.8 Provide details of innovative teaching approaches/methods adopted by the faculty during the last four years? What are the efforts made by the institution to encourage the faculty to adopt new and innovative approaches and the impact of such innovative practices on student learning?

- The college encourages the teachers to keep themselves abreast of the latest developments in their respective fields.
- They are encouraged to use computers, Internet and library resources to enrich their teaching.
- The college faculty is also provided training for use of computers, latest software so that they can themselves create modern teaching aids to be used in their classrooms.
- From time to time the college faculty adopts approaches/methods such as seminars, conferences and special lectures.
- The faculty members are encouraged to participate in National/International level seminars.
- They are provided financial assistance for this purpose. The faculty members who attend such seminars/ conferences share their experience with students and

2.3.9 How are library resources used to augment the teaching-learning process?

- The institution has centralized library. The library continues to provide the following current awareness services in order to alert users to latest information of their interest.
 - List of new entries
 - Useful articles
 - News items
- The catalogues from different publishers are filed. Heads of

departments can order for books from these catalogues.

- The range of subjects represented by the library collection reflects our institution's ever growing zest for newer areas of study and research.
- Some faculty members have their personal collection of a large number of books and they share the books and journals with the fellow colleagues.
- Majority of staff can efficiently use the internet and they liberally share their knowledge of innovative research topics, reviews, methodology, data gathering and information output with the learners.
- They are provided with a student library card which enables them to set books issued from the library. Students are also taken to the library to instill reading habits among them.

2.3.10 Does the institution face any challenges in completing the curriculum within the planned time frame and calendar? If 'yes', elaborate on the challenges encountered and the institutional approaches to overcome these.

- This type of situation has never happened that the faculty has not been able to complete the curriculum within the stipulated timeframe.
- The college teachers manage to successfully deliver their responsibilities. Sometimes because of *bandhs* declared by political parties, institution faces challenges in completing the curriculum but the college through extra classes tries to overcome these challenges.
- The IQAC keeps a check on the syllabus covered by the various departments on regular basis.

2.3.11 How does the institute monitor and evaluate the quality of teaching learning?

- IQAC through interaction with teachers and students submit reports of the feedback to the Principal.
- The institute through house examinations, feedback from students and teachers and ACR report monitors and evaluates the quality of teaching learning.

2.4 Teacher Quality

2.4.1 Provide the following details and elaborate on the strategies adopted by the college in planning and management (recruitment and retention) of its human resource (qualified and competent teachers) to meet the changing requirements of the curriculum

- For general Education, the teachers are appointed by the State Government.
- Regarding the new opening programmes under NSQF; Sector-Sericulture and Software Development, Teachers are recruited in campus (Campus Interview) as per UGC prescribed Qualification.
- The college has engaged teachers who are competent,experienced and experts in their respective field of study
- The college also advertises in the local newspapers.After getting applications in response to these from the eligible candidates, their educational documents are scrutinized properly.

2.4.2 How does the institution cope with the growing demand/ scarcity of qualified senior faculty to teach new programmes/ modern areas (emerging areas) of study being introduced

(Biotechnology, IT, Bioinformatics etc.)? Provide details on the efforts made by the institution in this direction and the outcome during the last three years.

- The new B.Voc Degree courses in Sericulture and Software Development, 6 new teachers have been recruited in the campus for Core skill subjects (60%).
- For the General components (maximum to 40%), existing college teachers have taken the classes.
- To attract the new faculty and to retain the existing teachers the college provides requisite facilities like library, internet etc

2.4.3 Providing details on staff development programmes during the last four years elaborate on the strategies adopted by the institution in enhancing the teacher quality.

a) Nomination to staff development programmes

Academic Staff Development Programmes	Number of faculty nominated
Refresher courses	8
HRD programmes	x
Orientation programmes	4
Staff training conducted by the university	x
Staff training conducted by other institutions	2
Summer / winter schools, workshops, etc.	4

b) Faculty Training programmes organized by the institution to empower and enable the use of various tools and technology for improved teaching-learning

- **Teaching learning methods/approaches**

- The college has provided software such as Windows, MS Office, Visual Basic, Java, Linux, etc to the teachers.
- Students take place in the laboratory using computer and LCD projector.

- Handling new curriculum

- The new curriculum given by the Manipur University to the

college, the Principal, Coordinator and concerned Teaching faculties jointly seat together and discuss the strategies to be faced.

- Devise strategies are discussed on the new syllabus effectively to handle properly by the concerned teachers

- Content/knowledge management

- Contents are Communication components and General education (maximum to 40%)
- Skill components for employable to the job is 60% of the entire syllabus.

- Assessment

- The self assessment report of teachers and staff of B.Voc Degree courses have been taken on punctuality, sincerity, delivery nature in the classes and handling of the equipments.

- Audio Visual Aids/multimedia

- Lectures are taken classes with or without audio visual aids in Classrooms.
- Our Computer department is provided with Audio visual aids as per their requirement. We have latest Computer aided packages, as per our requirement.
- It includes projectors, computers, sound system etc. Faculty members are provided with computers with internet browsing facility for preparation ion of teaching/learning materials. Recently

- Teaching learning material development, selection and use

- Journals, Text Books, Internet, E-Library and other refresher guidelines are developed for the new programmes.
- Seminars , interaction, discussion on the class module are selected for teaching.
- Smart boards, Projectors, Internet, E-Library and Audio Visuals are also use.

c) Percentage of faculty

- * invited as resource persons in Workshops / Seminars / Conferences organized by external professional agencies

➤ 2 % invited to International and National Seminars

* participated in external Workshops / Seminars / Conferences recognized by national/ international professional bodies

➤ 7% of teaching faculties in national/ international

* presented papers in Workshops / Seminars / Conferences conducted or recognized by professional agencies

➤ 7 %

2.4.4 What policies/systems are in place to recharge teachers? (eg: providing research grants, study leave, support for research and academic publications teaching experience in other national institutions and specialized programmes industrial engagement etc.)

➤ The institution extends full support for the professional development of the faculty.

➤ The faculties are encouraged to pursue their M. Phil. and Ph. D. through faculty development schemes.

➤ The institution deputes its teachers to attend refresher and orientation programs, conferences, seminars and training programs organized by other institutes, universities and research organizations.

➤ The institution also conducts number of seminars, workshops and special lectures for the benefit of its faculties and students.

➤ The institute has conducted number of workshops/seminars/conferences during last three years. The Institute grants duty leaves according to the nature of work.

2.4.5 Give the number of faculty who received awards / recognition at the state, national and international level for excellence in teaching during the last four years. Enunciate how the institutional culture and environment contributed to such performance/achievement of the faculty.

➤ Nil

2.4.6 Has the institution introduced evaluation of teachers by the students and external Peers? If yes, how is the evaluation used for improving the quality of the teaching-learning process?

➤ Yes, the head of the institution takes feedback of the teachers from the students and their guardians.

- At the end of every academic year students give feedback of individual faculty members on their teaching skills on a plain paper.
- The feedback form mainly focuses on the various teaching skills of the faculty members, like presentation, communication, knowledge, content covered, innovative practices and laboratory work.
- If any faculty doesn't meet the benchmark on feedback, he/she is counseled for the future.

2.5 Evaluation Process and Reforms

2.5.1 How does the institution ensure that the stakeholders of the institution especially students and faculty are aware of the evaluation processes?

- The Stakeholders of the institution i.e. students and faculty members and even the parents of the students are informed about evaluation process by giving general instruction.
- The periodic instructions issued by the affiliating university are promptly communicated to the students.
- The faculty members read the instructions even in the classrooms and copy of the same is also displayed on the students' notice-board.
- Likewise they are informed at the start of the session regarding the terminal tests after the gap of three months.
- Students are clearly made aware of the eligibility conditions required to appear in the final exams. They are informed of the criterion of the internal assessment.

2.5.2 What are the major evaluation reforms of the university that the institution has adopted and what are the reforms initiated by the institution on its own?

- The institution has adopted Fair marking and evaluation of University purely by coding the roll nos. of the students i.e secret roll nos.
 - The students are evaluated by group discussions and sometimes blackboard tests are also held for some interesting and short topics. It makes the evaluation more interesting for students.
 - Faculty members also try new innovations in their teaching skill to make evaluation more interesting and beneficial for the students.
- The university has initiated various evaluation reforms viz.

1. Introduction of internal assessment system.

2. Introduction of Answer Sheets.
3. Introduction of table marking and evaluation through secret roll nos. so as to make each evaluation process more transparent.
4. Introduction of objective questions in the question papers.

The college has adopted various university reforms concerning evaluation viz.

1. Internal assessment is awarded to the students as per the university criteria.
2. Class tests and unit tests are conducted to evaluate the performance of students.
3. Student centric learning through assignments, projects and practical sessions.

2.5.3 How does the institution ensure effective implementation of the evaluation reforms of the university and those initiated by the institution on its own?

- The evaluation reforms of the affiliating University are followed in the best of the spirit.
- Any doubt about evaluation is made clear to the students. All record is maintained i.e answer sheets, award lists etc.
- Whenever class tests and term tests are taken the results of the students performance/awards are shown to the students to encourage them or counsel them for better future performance.

2.5.4 Provide details on the formative and summative assessment approaches adopted to measure student achievement. Cite a few examples which have positively impacted the system.

- University is the sole authority for implementation of reforms in examination and evaluation but faculty members who are a part of academic bodies of the university actively campaign for reforms.
- Formative approach to evaluation includes measuring the student's achievement through verbal tests, group discussions, seminars and weekly test.
- The evaluation through these approaches gives lot of information about student achievement after teaching a particular unit.
- The concerned teacher may get some direction about the student and necessary steps regarding his/her improving can be pondered over.
- The summative evaluation is done during terminal tests. Even if some students don't perform well or clear the eligibility condition,

then an extra chance is given to the student for his/her evaluation.

- All faculty members follow the formative approach to measure students' achievements & performance through 1

2.5.5 Detail on the significant improvements made in ensuring rigor and transparency in the internal assessment during the last four years and weightages assigned for the overall development of students (weightage for behavioral aspects, independent learning, communication skills etc.

- Regular tests are taken during the course..
- The report is sent to the head of institution after evaluating in a fair

2.5.6 What are the graduate attributes specified by the college/affiliating university? How does the college ensure the attainment of these by the students?

- There is complete transparency in the internal assessment. The criterion adopted is as directed by the University.
- All the students are familiar about the transparency in internal assessment.
- . After preparing the assessment report, it is submitted by the concerned teacher and the same is displayed on the notice board at the end of the session.
- The internal assessment is made by the faculty members keeping in mind the following aspects / factors of students' performance during the academic year:
 - 1) class attendance
 - 2) class assignments
 - 3) score in the term examination etc.

In spite of all the above aspects of the students, their behavioral aspects, independent learning and communication skill etc. are also taken into consideration during the assessing of a student

2.5.7 What are the mechanisms for redressal of grievances with reference to evaluation both at the college and University level?

- The institution uses assessment and evaluation both as an indicator for evaluating students' performance.
- The students who excel in the academics, sports or extra curricular or extra moral activities are given due advantage in assessment.
- General classroom behaviour of the students is also kept in mind when evaluation of a student is undertaken.

2.5.8 What are the mechanisms for redressal of grievances

- Students having grievances with the evaluation process or his every doubt is made clear by showing his performance in the

answer sheet. The student is made clear about every grievance in his mind at the University level.

- For this process, some re-evaluation fee is charged from the student and evaluation process is again repeated.
- The examination are conducted and controlled by university. The college has to follow the instructions of the university.
- If students have any problem, the principal of the college communicate to the concerning authority (Controller of Exams or other offices) of university about the grievances of the students.

2.6. Student performance and Learning Outcomes

2.6.1 Does the college have clearly stated learning outcomes? If ‘yes’ give details on how the students and staff are made aware of these?

- In the recent years, institutions of higher education across the country have recognized that a full commitment to teaching and learning must include assessing and documenting what and how much students are learning and using this information to improve the education.
- Learning Outcome Assessment is the process of collecting information.

2.6.2 Enumerate on how the institution monitors and communicates the progress and performance of students through the duration of the course/programme? Provide an analysis of the students results/achievements (Programme/course wise for last four years) and explain the differences if any and patterns of achievement across the programmes/courses offered.

- The Institute aims to help students to reach their potential through the provision of a supportive, vibrant and challenging learning environment.
- All the staff is involved in the construction of this learning environment. All students are valued equally during their learning journey with institute.
- Accordingly, the curriculum, teaching and learning and assessment at college are student centric.
- The College has formulated academic committees that aim at enhancing the quality of learning, teaching and assessment across the Institute by providing academic leadership for the continued development of excellence in academic practice.
- The College is committed in creating an environment where students are supported to achieve their potential and working

towards creating an inclusive learning community.

2.6.3 How are the teaching, learning and assessment strategies of the institution structured to facilitate the achievement of the intended learning outcomes?

- The courses run by college have both social and economic relevance. College understands its responsibility in the socio economic parameters.
- The institution at the time of the admission provides counseling regarding the choice of options the students wish to opt.
- They are guided regarding the future prospects of various options.
- The students are motivated through personality development programmes. Students are encouraged to participate in activities for social and community service.
- The College has made dedicated efforts to impart quality education and generate new knowledge through research and development activities. It has been contributing significantly in transforming socio-economic conditions of the people of this region.

2.6.4 What are the measures/initiatives taken up by the institution to enhance the social and economic relevance (student placements, entrepreneurship, innovation and research aptitude developed among students etc.) of the courses offered?

- Institution has specified procedure to collect and analyze data on student learning outcome, the following points are adopted by the institute in this context: · Midterm and continuous evaluation comprising of weekly internal tests, assignments, term paper and seminar presentations.
- Introduction of unit wise internal choice and objective and analytical type questions consisting of objective, short and descriptive and analytical answers. This ensures comprehensive study and understanding of the entire course contents by the student.

Institute has taken following steps to overcome barriers:

- Delimiting the length of the answers in order to promote to the point writings.
- Providing Question bank of various subjects to the students.
- Timely Redressal of students' grievances. By showing answer books to students to make them understand their relative strengths and weaknesses.
- Minimum attendance limit for students to minimize absenteeism.
- Extra classes for weak students to solve their problems.
- The periodic evaluation of teachers help in the improvement of learning

2.6.5 How does the institution collect and analyze data on student

performance and learning outcomes and use it for planning and overcoming barriers of learning?

- The institution has a clearly defined, set mechanism to monitor the learning outcomes.
- Attendance is compulsorily taken for every lecture. Tutorials and laboratory hours are fixed.
- The tutorials and assignments are corrected within a short duration and the marks are entered in work register for the academic progress of the students.
- Based on the participation in the class and the marks scored in the tutorials and assignments, the student level is judged by the staff member and appropriate action is taken.
- At the end of each periodical test, progress reports which consist of unit test results and attendance status are submitted to the office for further action.
- Counseling is given to slow learners.
- As all the lab courses are continuously assessed, students who lag in these courses are given additional help and guidance. They are also given additional lab practice.
- The faculty members are encouraged to conduct surprise tests, quizzes, etc. to monitor the academic progress of each student.

2.6.6 How does the institution monitor and ensure the achievement of learning outcomes?

- The College aspires to have a transformational impact on students through comprehensive education by inculcating qualities of competence, confidence and excellence.
- The college has specified its graduate attributes clearly. At the first place, The college aims to make its students employable.
- The college endeavors that its students should become valuable global citizens.
- To make the students academically sound enough, so that they are able to stare in the eyes of the competitive world.

CRITERION III: RESEARCH, CONSULTANCY AND EXTENSION

3.1 Promotion of Research

3.1.1 Does the institution have recognized research center/s of the affiliating University or any other agency/organization?

- No but from UGC and DBT, projects are funded and respective labs are developed in the department of Zoology. Therefore, there is provision for research in the Zoology Department through projects.

3.1.2 Does the Institution have a research committee to monitor and address the issues of research? If so, what is its composition? Mention a few recommendations made by the committee for implementation and their impact.

- Yes, a research committee has been formed in order to developed research works by the teaching faculty members. The Committee comprises of the Following teaching faculties :

Sl.No	Name of Faculty	Designation	Status
1	Dr. S. Gopal Singh	Principal	Chairperson
2	Ch.Ibomcha Singh	Asso.Professor	Member
3	Dr.L.P.Baskota	-do-	-do-
4	Dr. A.Tejmani Singh	-do-	-do-
5	Dr. I.Jamuna Devi	Assistant Prof.	-do-
6	Dr. S.Shantibala Devi	-do-	-do-
7	Dr. O.Lukhoi Singh	Asso.Professor	Member Secretary

Few Recommendations of Research Committee and its impact as follows:-

- Faculty of the institute must participated in many seminars as a resource Person /delegate for interaction.
- Departments of Science and Arts , the teaching faculties be requested to apply proposals for state and National level seminars to the funding agencies within three years
- Department of Botany and Zoology be requested to apply proposals for state and National level seminars to the funding agencies within three years

- The students of final year be active participation in any seminar/conferences/workshops/hands on training so that students may be initiated for research in the years to come.
- Faculty members of the Institute be requested to apply for the funding of Research project to the UGC, CSIR, or any other relevant funding agencies.
- Those faculty members who are not responded on the recommendations of the research Committee within the stipulated time, the faculty member be reconsidered in serious alternative means in order to maintain the academic performance.

3.1.3 What are the measures taken by the institution to facilitate smooth progress and implementation of research schemes/projects?

- autonomy to the principal investigator
 - Autonomy is given to the PI.
- timely availability or release of resources
 - Any possible resources about the project is time released.
- adequate infrastructure and human resources
 - Available infrastructure and human resources are provided.
- time-off, reduced teaching load, special leave etc. to teachers.
 - As per UGC guideline, the teaching load is not reduced but special leave for attending seminar/ conferences/workshops are granted.
- support in terms of technology and information needs
 - Encouragement has been procured to the PI in terms of available technology and information
- facilitate timely auditing and submission of utilization certificate to the funding authorities
 - Timely auditing , submission of utilization certificate, statement of expenditures and details of expenditure are submitted to the funding agencies.
 - The PI and Research Fellows are adviced to Publish the findings in the referred and relevant Journal for the projects.

3.1.4 What are the efforts made by the institution in developing scientific temper and research culture and aptitude among students?

- The institution has made to organize seminar/conference/workshops relevant to research in the campus so that the student may be able to initiate research temper in the years to come.
- Students are taken in the research lab of well developed research lab in the affiliating University.
- Experts from Manipur University are invited to deliver research note and research significance in the Higher Education and in the nearby future of the Glob.
- Significance of research and becoming scientist for invention and discovery of new things for the welfare of human society be illustrated to the students.

3.1.5 Give details of the faculty involvement in active research (Guiding student research, leading Research Projects, engaged in individual/collaborative research activity, etc.

- Some of the teaching faculty members have taken minor and major research projects from the UGC.
- Dr. I. Jamuna Devi, Department of Botany has taken one minor Research project from UGC, now it is completed and submitted the final technical report.
- Dr. S. Shantibala Devi, Department of Manipur has taken one minor Research project from UGC, now it is completed and submitted the final technical report.
- Dr. O.Lukhoi Singh, Associate Professor, Department of Zoology has taken one Major Research Project entitled “Food Value of 15 edible Insects of Manipur” UGC: File No. F42-521/2013(SR), dated the 21st March 2013.

3.1.6 Give details of workshops/ training programmes/ sensitization programmes conducted/organized by the institution with focus on capacity building in terms of research and imbibing research culture among the staff and students.

Training programmes/Conference/seminar/workshop/hands on training

Sl.No	Name of Training/Seminar	Funded by	Date/year
1	Education on Global Warming	UGC	30 th to 31 st Dec.2010

4	Modern techniques in Sericulture	UGC	10 th -12 th June 2015
5	Hands on training for Biospectrophotometer analysis	DBT,New Delhi	20 th June 2015

3.1.7 Provide details of prioritized research areas and the expertise available with the institution.

Sl.No	Research area	PI/Experts
1	Analysis on the food components of edible Insect	Dr. O.Lukhoi Singh Department of Zoology
2	DNA digestion, Isolation and detection of Insects	Dr. O.Lukhoi Singh Department of Zoology
3	Ectomycorrhizal Fungus	Dr. I.Jamuna Devi Department of Botany
4	Contemporary Literature	Dr. S.Shantibala Devi Department of Manipuri
5	Caste-study	M.Hemanta Singh Department of geography

3.1.8 Enumerate the efforts of the institution in attracting researchers of eminence to visit the campus and interact with teachers and students?

- Eminence researcher from other institutions including Manipur University have been invited to visit the development of Research labs.
- Researchers and scientists are invited for delivering lecturers from outside Manipur states in the Seminar/Conference etc.
- Mentioned may be made that Prof. Pramod Bora, Veterinary College, Agricultural University, Assam and Dr. Utpal Bora, Associate Professor, IIT, Guwahati visited to the College during the Seminar.
- These people are interacting with the Faculties and students about the Research Development of the College.

3.1.9 What percentage of the faculty has utilized Sabbatical Leave for research activities? How has the provision contributed to improve the quality of research and imbibe research culture on the campus?

➤ Nil

3.1.10 Provide details of the initiatives taken up by the institution in creating awareness/advocating/transfer of relative findings of research of the institution and elsewhere to students and community (lab to land)

➤ The Institutional Biotech Hub under DBT, New Delhi provided funds to create awareness/transferred of research related to other educational institutions.

➤ The Hub conduct awareness programme about research and Biotechnology to Nambol Higher Secondary School and St.John English School, Nambol during 2013 and 2014.

3.2 Resource Mobilization for Research

3.2.1 What percentage of the total budget is earmarked for research? Give details of major heads of expenditure, financial allocation and actual utilization.

➤ All the research works are funded by funding agencies like UGC. Therefore, the budget and other financial sources about the research from the college is nil.

3.2.2 Is there a provision in the institution to provide seed money to the faculty for research? If so, specify the amount disbursed and the percentage of the faculty that has availed the facility in the last four years?

➤ No.

3.2.3 What are the financial provisions made available to support student research projects by students?

➤ Nil

3.2.4 How does the various departments/units/staff of the institute interact in undertaking inter-disciplinary research? Cite examples of successful endeavors and challenges faced in

organizing interdisciplinary research.

- Research in Department of Zoology about insect plant interaction, the department of Botany is interdisciplinary in theme and works because plant names on which the insects pested and damage the plants.
- Food analysis of edible insects, the research topic is correlated with the department of chemistry.

3.2.5 How does the institution ensure optimal use of various equipment and research facilities of the institution by its staff and students?

- Sincere and good works of research is done by Research Scholar/faculty, the available equipments for research works are to be provided.
- The institution encourages those research scholar and faculty members who are interested in research.

3.2.6 Has the institution received any special grants or finances from the industry or other beneficiary agency for developing research facility? If 'yes' give details.

- Yes, funding agency, DBT, New Delhi, the college got scheme for development of research infrastructure and equipments during 2012-2013.
- From UGC under the scheme of Major research Project, the research equipments are also developed in the research lab during 2013-2014.

3.2.7 Enumerate the support provided to the faculty in securing research funds from various funding agencies, industry and other organizations. Provide details of ongoing and completed projects and grants received during the last four years.

3.3 Research Facilities

3.3.1 What are the research facilities available to the students and research scholars within the campus?

- Research lab in the Department of Zoology, Botany and Manipuri.
- Well equipped the research lab of Zoology with research tools.
- Internet facility.
- Departmental Library Facility.
- Journals, referred books

List of Equipments available in the Zoology Research lab

Sl.No.	Name of Equipments	Qty
1	PCR package	1
2	Bio-spectrophotometer	1

16	Generator Kohler-5 KVA	1

3.3.2 What are the institutional strategies for planning, upgrading and creating infrastructural facilities to meet the needs of researchers especially in the new and emerging areas of research?

- The institutional plans to up gradation of the infrastructure facilities of the research as follows:
 - i. Another Research lab with A.C facilities where sophisticated instruments are to be build up.
 - ii. Installation of more equipments for Chemical analysis, autoanalyzer for chemicals, HPLC, Liquid and Gas chromatography, Real time PCR and equipments related to DNA isolation and detection, RNA- bar coding instruments and ultimately the sequencer.
 - iii. Installation of adequate power sources.
 - iv. Preparation of water supply tank and proper installation of distillation plant.
 - v. Improvement of E library and resources journals and books.

3.3.3 Has the institution received any special grants or finances from the industry or other beneficiary agency for developing research facilities? If 'yes', what are the instruments / facilities created during the last four years.

- Yes, from the Department of Biotechnology, the institution got one institutional Biotech Hub scheme. The equipments purchase from the Hub are shown in the table.

Sl.No.	Name of Equipments	Qty

- Infrastructure development for the Research lab.
- Research is going on with full swing.
- Relevant Journals have been subscribed.
- Hands on and workshops about the Biotechnological research have been conducted.

3.3.4 What are the research facilities made available to the students and research scholars outside the campus / other research laboratories?

Research facilities provided to the students are

- Research lab
- Binocular research Microscope

- Glass wares
- Distilled water double
- Insect cabinets and pins
- Biospectrophometers

- The teaching faculty members are enjoying the UGC pay(6th pay Revision. Therefore, teaching faculties are getting good salary and date of retirement is up to 65 years.

6.4 Financial Management and Resource Mobilization

6.4.1 What is the institutional mechanism to monitor effective and efficient use of available financial resources?

- The financial resources of the college are managed in a very effective and foolproof manner.
- The following three types of accounts are created:
 - Receipts & Payment Accounts.
 - Income & Expenditure Accounts.
 - Balance Sheets
- Each and every transaction is supported by the vouchers. All the collections are deposited in the bank and all expenditure, recurring and non-recurring, are incurred through cheques.
- Only duly authorized persons can operate through the bank. For effective check on the accounts the two tier system is followed; the internal and the external audit.
- The external audit is done by the Chartered Accountant before the session comes to an end.
- The internal audit is done by the State Government audit department.

For efficient use of the financial resources, the budget is prepared. There are three types of payments/expenditures:

Recurring, Non recurring ,Capital Expenditure

6.4.2 What are the institutional mechanisms for internal and external audit?

**When was the last audit done and what are the major audit objections?
Provide the details on compliance.**

- The accounts of the college are subject to audit by the External qualified Chartered Accountant requested by the Nambol L.Sanoi College before 31st March each year.
- The institution being a college of the Government of Manipur is audited through deputed its audit team every year to conduct the audit of the grants-in-aid received.

6.4.3 What are the major sources of institutional receipts/funding and how is the deficit managed? Provide audited income and expenditure statement of academic and administrative activities of the previous four years and the reserve fund/corpus available with Institutions, if any.

The college's major sources of funding are as follows:

- Total fee collected from the students.
- Grants received from State Government-Manipur Government
- Various grants received from UGC .
- Seminar Grants received from the UGC
- Conference grants received from UGC

6.4.4 Give details on the efforts made by the institution in securing additional funding and the utilization of the same (if any).

- Various steps are being taken by the institute to generate additional funds.
- The institution organizes seminars and conferences sponsored by UGC.

6.5 Internal Quality Assurance System (IQAS)

6.5.1 Internal Quality Assurance Cell (IQAC)

- a. **Has the institution established an Internal Quality Assurance Cell (IQAC)? If 'yes', what is the institutional policy with regard to quality assurance and how has it contributed in institutionalizing the quality assurance processes?**
- b. **How many decisions of the IQAC have been approved by the management/ authorities for implementation and how many of them were actually implemented?**
- c. **Does the IQAC have external members on its committee? If so, mention any significant contribution made by them.**
- d. **How do students and alumni contribute to the effective functioning of the IQAC?**
- e. **How does the IQAC communicate and engage staff from different constituents of the institution?**

Yes, the institution is having its IQAC cell. Following is the composition of the same:

- Within the existing academic and administrative system, the institution has developed mechanisms of its own for the quality assurance.
- The academic quality of the institution is evaluated on the basis of the performance of the students in their examinations.
- The teachers also judge the student's academic abilities by way of question-answer and written tests.
- The poor students are helped by the teachers to improve their academic quality by taking extra classes and providing books and literature.
- The administrative system also looks after the quality education in the institution.
- The different committees set up by the institution are always aware to the administrative needs. The Development Committee, Academic Committee ,the Examination Committee, Library Committee, Research

committee, the Magazine Committee and Purchase committee are all constituted and are well equipped for quality assurance of the institution's administration.

- The academic and administrative systems in the institution have been quite effective to the enhancement of quality education.
- The institution has fool proof mechanism to get the academic and administrative machinery of the institution in motion.
- The academic quality of the institution is maintained by the teaching and learning processes.
- The administrative quality is maintained by the effective functions carried out by the various committees.
- The two mechanisms are interdependent and, therefore, there is no scope for any failure in any system.
- Head of the Institution conducts meeting regularly and visit the class rooms to ensure proper delivery of the material and timely completion of course as per syllabus in time.

- The students play a major role in assuring quality of education imparted by the institution.
- It is through their active participation in classrooms that the quality of the education is maintained. Students are punctual and attend classes regularly. They also interact with the class teachers and request for extra classes if needed. They approach to the teachers for the solution of their problems related to their syllabus. Their participation is also assured by involving them in Cultural and other activities. The students also approach to the head of the institution directly for the redressal of their problems.
- The best practices in the institution have been promoted in full gusto.
- The institution has internalized the best practices in order to improve the functioning of the academic and administrative systems.
- The insistence on student's participation in academic and administrative matters has improved the quality of the education and administration in the institution.

- The students come forward to maintain the best practices evolved through academic and administrative systems.
- The administration in the institution is maintained by the involvement of the staff at every level.
- The examinations are held quite smoothly by the active participation of the staff.
- The teachers have been quite supportive to the academic needs of the students by offering them reading materials and tutorials.

6.5.2 Does the institution have an integrated framework for Quality assurance of the academic and administrative activities? If 'yes', give details on its operationalisation.

- The IQAC, the planning body, collects inferences from the learners and various committees through participatory interactions, based on which it proposes comprehensive perspective plan to the governing council for approval and implementation.
- The chain of committees is in charge of implementation of developmental and academic activities assigned .
- The supervision by the Steering committee ensures the proper implementation. The fair representation of the learners ensures the transparency in the process.

6.5.3 Does the institution provide training to its staff for effective implementation of the Quality assurance procedures? If 'yes', give details enumerating its impact.

- The institution ensures that the decisions based on the findings of the IQAC are fully adhered to.
- The academic as well as the administrative working is further smoothened from time to time

6.5.4 Does the institution undertake Academic Audit or other external review of the academic provisions? If 'yes', how are the outcomes used to improve the institutional activities?

- The institution is affiliated with the Manipur University, Manipur. The university has its set mechanism to audit the academic working of the college.
- The University sends a team of the experts to conduct academic audit. The team visits the college and very minutely observes the working of the institution in all its aspects.
- The Inspection team then comments on the performance and thereby suggest the important changes required,
- The other form of audit comes in the form of the team visiting the institution as and when any new course is introduced.
- This Inspection team too like the previous one remarks and suggests on the changes desirable in the college. The college very honestly adheres to the recommendations made by the committees.

6.5.5 How are the internal quality assurance mechanisms aligned with the requirements of the relevant external quality assurance agencies/regulatory authorities?

- In the case of the institution the external regulatory authority is the Affiliating University, Manipur University and we make the compliances as per their needs and requirements.

6.5.6 review What institutional mechanisms are in place to continuously the teaching learning process? Give details of its structure, methodologies of operations and outcome?

- The institute's approach to the learning outcome assessment is defined clearly.

- Faculty is best suited to determine the intended educational outcomes of their academic programs and activities, How to assess these outcomes, and how to use the results for program development and improvement is a part of student evaluation.
- The results of Outcome Assessment are used to evaluate the effectiveness of academic programs and activities, and student services, and not the performance of individual faculty or staff.
- Faculty use the information collected to develop and improve academic programs. The institution has a clearly defined, set mechanism to monitor the learning outcomes.
- Attendance is compulsorily taken for every lecture. Tutorials and laboratory hours are fixed. The tutorials and assignments are corrected within a short duration and the marks are entered
- Based on the participation in the class and the marks scored in the tutorials and assignments, the student level is judged by the staff member and appropriate action is taken.
- At the end of each periodical test, progress reports which consist of unit test results and attendance status are submitted to the office for further action.
- As the entire lab courses are continuously assessed, students who lag in these courses are given additional help and guidance. They are also given additional lab practice. The faculty members are encouraged to conduct surprise tests, quizzes, etc. to monitor the academic progress of each student.

6.5.7 How does the institution communicate its quality assurance policies, mechanisms and outcomes to the various internal and external stakeholders?

- The institution has evolved a stakeholders' web by forming different platforms like College Development Committee,

alumni, Parent Teacher Meet and various committees with a fair representation of students.

- The IQAC in the planning process considers feedbacks collected from all the stakeholders to prepare perspectives on development.
- These developmental perspectives are discussed in the respective meetings of, Development Committee, Academic Committee and alumni.

The reflections of the meetings are incorporated in the future plan of the institution.

CRITERIA VII: INNOVATIONS AND BEST PRACTICES

7.1 Environment Consciousness

7.1.1 Does the Institute conduct a Green Audit of its campus and facilities?

- There is no formal conducting of green audit in the institution but the institution is eco friendly. Lot of expenditure is incurred to make the campus eco friendly.

7.1.2 What are the initiatives taken by the college to make the campus eco-friendly?

- ❖ **Energy conservation**
 - ❖ **Use of renewable energy**
 - ❖ **Water harvesting**

- ❖ **Check dam construction**
- ❖ **Efforts for Carbon neutrality**
- ❖ **Plantation**
- ❖ **Hazardous waste management**
- ❖ **e-waste management**

The college campus is totally eco friendly. For this the management, the head of the institution and the whole staff is committed and because of their commitment and involvement, the campus can claim to be the first polythene/plastic free zone. This apart, the institution has taken several other steps/initiatives to make the campus eco-friendly:

EnergyConservation:

- The college campus is overly warm and overly cold. The college class rooms are so airy and well lighted that they hardly need any artificial lighting.

Use of renewableenergy:

The college has a solar system in science department. The use of sunlight is made to keep the water hot which is used for Science practicals.

Waterharvesting:

The college is having 4 ponds and one water tank for swimming pool at different locations to raise the water table.

EffortsforCarbonneutrality:

- The college at its own level has taken up certain preventive measures to check the emission of carbon dioxide. The college has made arrangements for the parking of the vehicles of the students in the college ground. This helps in keeping the campus as much as possible clean.

Plantation

- A lot of expenditure is incurred to keep the environment green. For this the college support staff is working very whole heartedly.
- The trees are planted. The college organizes programmes like Van Mahotsava every year to inculcate this tradition amongst its students.

Hazardous waste management/ e-waste management

- The Campus eco friend so there is no hazardous waste

7.2 Innovations

7.2.1 Give details of innovations introduced during the last four years which have created a positive impact on the functioning of the college.

- The college has been developing infrastructure of sports , teaching and academic since its inception. The college has made several innovations which have helped smooth out the functioning of the college. These innovations are in academics, administration and other levels of the college working.

Feedbackmechanism:

- Students give the feedback about the teachers at the end of each session/semester. Students of each department are expected to do so for all the teachers concerned with their class.

- Besides, informal interaction between the students and the Class Teacher/H.O.D./Principal about issues pertaining to teaching quality is also encouraging
- Teachers are counseled by the departmental head and/or principal regarding measures to improve subject understanding and/or teaching skills.

Computerization of Administrative Block:

- The college administrative block has been computerized. The administrative staff has been given formal training to understand the technicalities pertaining to working on the technology.

Computerization of Library:

- The library is fully computerized. The students are having their web browsing space in the library. The total working in the library is now on the computers.

Zero-Balance Accounts:

- Nil.

Academic Innovations:

- The institution has introduced many new innovative practices to help the students in their pursuit of attaining quality education'
- The college has also started a new innovative techniques /programme to help the students to cover the respective syllabus.
- The teachers introduced the skill of drafting question banks. These questions are formed on the basis of the questions being framed in the last examinations.
- This has helped ease the burden of the students and improve the pass percentage.

7.3 Best Practices

7.3.1 Elaborate on any two best practices as per the annexed format (see page ..) which have contributed to the achievement of the Institutional Objectives and/or contributed to the Quality improvement of the core activities of the college.

- The institution has internalized the best practices in order to improve the functioning of the academic and administrative systems.
- The insistence on student's participation in academic and administrative matters which has improved the quality of the education and administration in the institution.
- The students come forward to maintain the best practices evolved through academic and administrative systems.
- The administration in the institution is maintained by the involvement of the staff at every level.
- The examinations are held quite smoothly by the active participation of the staff. The teachers have been quite supportive to the academic needs of the students by offering them reading materials and tutorials.
