THE NAMBOL L. SANOI COLLEGE  
NAMBOL

PROSPECTUS  
2020 - 2021

Education aims at the overall development of every individual's personality. It helps each student to discover the inner psychological resources and develop his/her own individual strength. There is a dual responsibility of both the parents and teachers in building the career of the students. Ethics regarding student and teacher relationship is built on respect, trust and understanding that people should not take advantage of each other. Unfortunately, sometimes, this respect and understanding are broken and hard to regain again. Student's life is the most crucial and precious stage in life because this stage will decide the future of a person.

I do believe that the incoming young talented students with great deal of respect and understanding will be able to build up their personality from the knowledge imparted by qualified faculty members of this college. Further, it is also expected that each and every teaching faculty will render their valuable service with spirit of dedication and sacrifice for these young innocent boys and girls to guide them in the right path.

Nambol L. Sanoi College has enough infrastructure with newly opened departments such as Multi-media Language Lab., ITES (Information Technology Enable Service), Bachelor of Vocation (Sericulture and Software Development), Indoor stadium, Swimming Pool etc.

I extend my warm greetings to all the young incoming boys and girls and hope that this college will be a student centric platform forever.

With thanks and best wishes.

Principal

## THE COLLEGE :

Established on 17th July, 1966, the Nambol L. Sanoi College Nambol is a premier Government College in the rural area offering degree courses in Arts and Science streams.
